ABSENT.

- Mr. C. T. Dalal, L. C. E., Executive Engineer (availed himself of the Christmas holidays).
 " C. V. Krishnaswami Rao, Amildar of Chiknayakanhalli (engaged in the taluk on Jamabandi).
 " T. N. Meer Kamaludeen Ali Khan, Treasury Assistant Commissioner, in charge of Chiknayakanhalli taluk (engaged in jamabandi work).

1. The following estimates were sanctioned, their cost being met from the amount provided in the current year's budget under "A. Public Works V. Reserve" :—

- (1) Estimate for repairing the 3rd class travellers' bangalo at Turuvekere, Rs. 103.
- (2) Estimate for repairing the 3rd class travellers' bangalo at Huliya, Rs. 331.
- (3) Estimate for constructing one vent tunnel in $\frac{1}{2}$ mile Tumkur-Chelur road, Rs. 98.

2. Read letter No. 858—6195 of the 4th December 1897, from the Secretary to the Government of Mysore, Public Works Department, informing that as the Public Works grant now stands, it is absolutely impossible to take over the Tumkur-Kunigal road to "Provincial" or even to sanction the smaller of the two estimates for metalling it, viz., estimate for Rs. 30,737 for metalling 3 yards wide and 4½" deep, though metalling on the larger estimate, i. e., the one for Rs. 50,405 for metalling

4 yards wide and 6" deep is very desirable; that a grant from the Local Funds General cannot be made for such purpose as metalling a district cross road and that the District Fund Board should do the work from its own resources.

Resolved that this be recorded. The District Fund Board is unable to sanction any of the estimates for metalling the road throughout. They can only metal the worst furlongs for which an estimate of Rs. 5,068 had been submitted by the Executive Engineer. This estimate will be considered at the next meeting and if approved funds will be provided for in the budget for 1898-99.

3. Read Executive Engineer's letter No. 326, dated 16th May 1897, forwarding a revised estimate for Rs. 5,369 for opening a cart-track from Chiknayakanballi to Hagalvadi, *via* Madanamadu, 19 miles.

Resolved that the estimate be approved and that provision be made therefor in the next year's budget.

4. Read Executive Engineer's docket No. 415, dated 9th September 1897, forwarding copy of Superintending Engineer's No. 2853 of 28th August 1897, addressed to Executive Engineer, asking him to ascertain definitely from the President and to report the result for orders when the question as regards the transfer of the school house at Koratagere to the Medical Department for use as dispensary is finally settled.

Resolved that as the Educational Department has declined to transfer the school building to the District Fund Board for the purpose of the dispensary, the dispensary shall continue to be located in the Taluk Cutcherry building as at present.

5. Read Executive Engineer's docket No. 662, dated 23rd September 1897, forwarding copies of correspondence passed between the Chief Engineer, Superintending Engineer and himself as regards certain inspection lodges being converted into 3rd class travellers' bangalos and stating that there are three inspection lodges in the district, *viz.*, Chiknayakanballi, Bukkapatna and Amertur with a suggestion that the first two lodges may be converted into 3rd class travellers' bangalos.

Resolved that the lodges at Chiknayakanballi and Bukkapatna be recommended to be converted into 3rd class travellers' bangalos—the sweepers getting an allowance of not more than Rs. 2 each per mensem and that the Amertur lodge may remain with the Public Works Department.

6. Read Executive Engineer's dockets Nos. 692 and 693 of the 7th October 1897, forwarding copy of his report No. 378 to the Superintending Engineer, Eastern Circle, and the latter Officer's reply thereto No. 3203 of the 20th September 1897, sanctioning an estimate for Rs. 1,200 for annual repairs of Tumkur-Chelur road and directing the Executive Engineer to represent to the Board the necessity for raising the mileage rate for this important road and report the result.

Resolved that the above communication be recorded with the remark that the Board are unable to increase the mileage allotment for this road. Arrangements are being made to metal a portion of this road, *viz.*, that from Tumkur to Bellavi.

7. Read letter No. 884, dated 15th December 1897, from the Executive Engineer, Tumkur division, stating that the bridge near Mayasandra on the Nelligeri-Sira road and the one near Gubbi on the Gubbi-Hebbur road were washed away during the year; that rupees three to four thousand are required for the re-construction of each of these bridges and that Rs. 1,000 for each of these works may be placed at his disposal this year.

Resolved that as the cost of these bridges, ranging as it does between six and eight thousand rupees, cannot be met from the sum allotted for the ordinary expenditure of the year, the Government be applied to undertake the works from the Provincial budget.

8. Proposed by Mr. Tatachar of Pavagada, that the cart-track from Pavagada to Hindupur *via* Dommatamari be improved.

The present road to Hindupur *via* Madakasira is sufficient for all immediate requirements. The question of improving the cart-track *via* Dommatamari should be considered as a Famine Relief work.

M. NARAIN RAO, *President*.
